

# WOLLERT RENEWABLE ENERGY LANDFILL

## PUBLIC OPEN DAY

Saturday 5th July, 2014, 9am to 1pm

**HANSON LANDFILL SERVICES INVITES  
THE GENERAL PUBLIC IN THE CITY OF  
WHITTLESEA AND AREAS SURROUNDING  
WOLLERT AND MERNDA TO VISIT ITS  
BEST PRACTICE LANDFILL AT WOLLERT.**

*Register your interest:  
Call 9408 1299 (Option 5)  
or Fax 9408 1489.*

The site is built and operated to the EPA's Best Practice standards and has an environmental management system. Operating since July 2000 and serving the Northern Suburbs of Melbourne, it incorporates many innovative features such as the renewable energy power station and a restoration project using indigenous native plants.

**A minibus will be available to take the public around the site on guided tours and Hanson staff will be on hand to answer any questions.**
